

Coinstar® kiosk

The Coinstar kiosk is our main consumer touchpoint. Our kiosk must always be presented in its best light, so it is important that kiosk images appear as specified in this guide. When using a kiosk image, please ensure that it is legible and unaltered. The kiosk images may appear full-length or cropped as shown to the right. For questions about Coinstar kiosk images, email us at coincreative@coinstar.com.

Please do not alter the Coinstar kiosk. Examples of what to avoid include:

Changing the color of the kiosk

Shrinking the kiosk below 1" in width

Placing the kiosk on busy backgrounds

Stretching, skewing, distorting the kiosk

Cropping off the top of the kiosk

Using outdated kiosk images
